

# WEBINAR: SAFE DAY

 May 4th, 2023

 14:00 - 15:30 (CET)

In June 2022, the 110th International Labor Conference adopted a resolution to include the principle of a safe and healthy working environment in the framework of Fundamental Principles and Rights at Work (FPRW) of the International Labor Organization (ILO), this landmark decision means that all ILO members are committed to respecting and promoting the fundamental right to a safe and healthy working environment. Given this new perspective, there is a need to know what this new Fundamental Principle and Right implies for the different actors involved in the world of occupational safety and health.
